RE: Broader Public Sector Expenses Directive

---

Under the Broader Public Sector Expenses Directive, CWSDS is required to provide a report setting out summary information on all hospitality events paid for by the organization and that CWSDS is in compliance with the Reimbursable Expenses guidelines.

This will confirm for the fiscal year 2017-2018, no hospitality events were paid for by the organizations and confirm that the travel, meal and hospitality expenses followed policies and were in compliance with the Broader Public Sector Expenses Directive.

The Policy is posted on the main bulletin board for staff and public to view and can be found on the CWSDS website ([cwsds.ca](http://cwsds.ca)) under Business & Financials.
